

Quick Update on Covid Protocols. As of January 1st, 2022:

As all of us are aware the covid's virus positivity rate is now above 21% statewide. Since our clinic is indoors and safety **MUST** be our first concern for the children, I am highly recommending that the players wear a mask during the clinic whether the player is vaccinated or not. There is no mask mandate so this is your call but please consider having them wear their mask. Also due to the high positivity rate, I am asking for the parents to simply drop off and pick up. You can come in and sign in your child but due to COVID-19, the fewer people we have in the arena the better. This will more than likely change where you can stay and watch in the next 2/3 weeks but for now, I am simply trying to keep ALL of us safe. We need to be safe during this time. Thanks for your understanding.
